Report of Monroe School District

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Monroe:

The enrollment for the present year in each school with the names of the teachers is as follows: Pollard, Agnes Hall Little, 12 pupils; Monroe Plain, Sarah H. Walker, 23 pupils; Number Three, Violet M. D. Ward, 16 pupils; North Monroe, Carrie B. Campbell, 10 pupils. All of the teachers have had several years of experience and are showing good results.

In spite of the severe winter of last year, the per cent of attendance for the town was 94 with $4\frac{1}{2}$ non school days. This record shows the possibility of keeping country schools open through the winter without loss of time. Edward Johnson, James Frazer and Ruby Gates were not absent nor tardy during the 36 weeks.

Burns Bedell, Bernard Bedell, Ralph Hatley, Arlena Pratt and Cecil Hinman completed the work of the eighth grade in June and entered McIndoes Academy in September. There are seven other Monroe pupils in the same institution, namely Genevieve Bedell, George Blair, Laura Griffin, Sadie Griffin, Hazel Lang, Nora Lang, Julia Head. This is a rather unusual record for a town the size of Monroe.

During the summer the building at Number Three was painted inside and out, the walls were papered, cement steps built, and the school yard cleaned up and regraded. New flag poles were set at North Monroe and Number Three. A book closet was made for the

Pollard school and an addition built to the supply closet at the Plain.

None of the schools have an adequate playground. A suitable space for plays and games is considered a necessary part of the equipment of any modern school. Normal school teachers are trained to take an active leadership among their pupils in plays and games which teach quick and accurate thinking and the effective coordinating of mind and body. The opportunity for out door activities of the right sort are sadly limited in Monroe. The Pollard school has no yard but the highway and that is often too muddy for use. Here is an opportunity for some generous citizen to cover himself with glory by enlarging the present school yards or by offering a suitable location to which the buildings may be moved.

The records for last year show that 290 parents and citizens visited the schools. Such evidence of interest on the part of the public argues well for the success of the schools.

Respectfully submitted,
NORMAN J. PAGE.
